### Pag. Historique des profilés

|       |                          |
|-------|--------------------------|
| 01    | Dormants                 |
| 02-03 | Ouvrants                 |
| 04    | Traverses mauclair       |
| 05    | Epaisseur vitrages       |
| 06    | Profilé de raccordement  |
| 07    | Réhausse                 |
| 08    | Seuils                   |
| 09    | Profilés complémentaires |
| 10    | Coulisses de volet       |

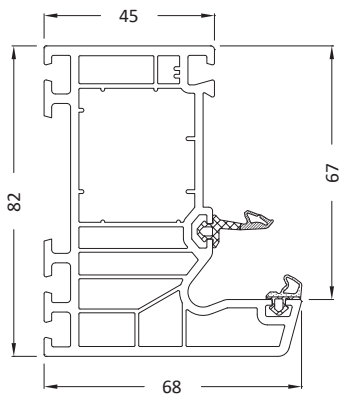

### Détails

|       |                              |
|-------|------------------------------|
| 11    | Description du système       |
| 12    | Fixe                         |
| 13    | Oscillo battant              |
| 14-15 | Double fenêtre avec mauclair |
| 16    | Porte ouverture intérieur    |
| 17    | Porte ouverture extérieur    |
| 18-24 | Seuils                       |
| 25-28 | Profilé de raccordement      |
| 29-30 | Assemblage en angle          |
| 31-33 | Réhausse                     |

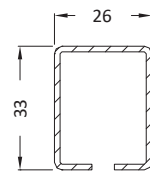

### Instructions d'installation

|    |                                   |
|----|-----------------------------------|
| 34 | Position de seuil en pierre bleue |
| 35 | Porte ouverture intérieur         |
| 36 | Porte ouverture extérieur         |
